## Butterfly

Butterfly are beautiful creations of nature that along with the moths, make up the insect order Lepidoptera. Butterflies are almost worldwide in their distribution and are highly sensitive indicators of the health of the environment and play vital roles in the food chain as well as being pollinators of plants.

## CHANDRAYAAN

1. Chandrayaan is a series of lunar space probes launched by India's space Research organisation (ISRO).  
2. The name Chandrayaan comes from the Hindi words "Chandra" (Moon) and "Yaan" (Vehicle).

3. Chandrayaan-3 was launched on 14 July 2023.  
4. Chandrayaan-3 was landed on 23 August 2023 on the southern pole of moon surface.  
5. India is the only country to reach this part of the moon, so far.
